Maintenance Technician
YN Fisheries YKFP-Klickitat Sub-Basin
Department of Natural Resources
Hourly Wage: \$21.24/Full-Time/Regular
Location: Klickitat Field Office; Lyle, WA

Performs a variety of general maintenance tasks requiring journeyman level knowledge in such trades as electrical work, welding, plumbing, carpentry, and operating equipment. Working from blueprints, plans, or general instructions; incumbent must be able to determine work procedures and details or work layout.

Knowledge, Skills and Abilities:

- Knowledge of equipment and supplies needed to maintain buildings and grounds.
- Knowledge of maintenance of pumps, vehicles, and small engines.
- Knowledge of all hand tools, air tools, drills, roto-hammers, and shop equipment.
- Knowledge of plumbing and the fabrication of pumping systems using PVC and related materials.
- Ability to perform the following duties: electrical work, welding, plumbing, carpentry, small/large engine and outboard motor repair.
- Ability to determine work procedures and details of work layout working from blueprints, plans, or general instructions.
- Ability to request and receive bids and work with contractor once contract is established.
- Ability to develop a thorough understanding of fishway design, operation, and maintenance requirements in order to keep the fishways in top performance.
- Ability to operate and maintain machinery and equipment used in hatchery operations.
- Ability to work closely with all YKFP staff to ensure a positive work environment.
- Ability to comprehend/ implement complex oral or written instructions.
- Ability to work in confined spaces such as fishway tunnels.
- Ability to remain flexible to changes in assignments or situations, priorities and handle frequent interruptions.
- Ability to work independently and productively with minimal supervision.

General Recruiting Indicators:

- Must possess a high school diploma or equivalent. Four years of heavy and civil construction experience in one or more of the following trades: carpenter, pipe fitter, welder, millwright, or equipment operator.

Special Requirements:

- Required to pass a pre-employment drug and alcohol test
- Must possess a valid WA State Driver's License with ability to obtain a Yakama Nation tribal driver's permit.
- Required to acquire a Commercial Driver's License (CDL).
- Work is done in and around running water inside and outside, in all types of weather conditions.
- Due to the nature of the job, required to wear a variety of protective and safety gear such as coveralls, aprons, rubber clothing, safety shoes, goggles, and gloves.
- Prolonged standing, walking, stooping, bending and climbing are required as well as lifting and carrying. Items up to 20 lbs are frequently lifted, and heavier objects up to 50 lbs or more are hauled occasionally.
- Work may sometimes require the employee to report to work on a moment's notice if and when need arises.
- On-call to respond to emergency situations at all times day or night, including weekends and holidays.
- Must be physically fit with the ability to fit through a 14 inch vertical slot weir, as frequent cleaning of fishways and tunnels require.
